

To whom it may concern,

It is my pleasure to recommend Asfi Hassan. Asfi worked at the Ministry of the Solicitor General as a Program Administration Support Clerk and Student Office Assistant. I was not his supervisor, and our departments were separate, though we both worked out of the administrative office. In his office assistant role he assisted me directly with day to day office work, so what follows is what I saw of his work firsthand.

Asfi handled information and documentation with accuracy and discretion, supported data entry, record maintenance, correspondence, and reporting, and kept filing and digital systems well organized. He liaised effectively with staff and stakeholders, and also assisted with IT support, operating system upgrades, and technical troubleshooting.

He is reliable and detail-oriented, communicates clearly, adapts quickly to new environments, learns systems efficiently, and respects confidentiality. His background in computer science strengthened his ability to support a modern digital workplace, and his positive attitude and work ethic made him easy to work with.

I am confident Asfi will bring the same dedication and integrity to any organization he joins, and I recommend him without hesitation. Please feel free to contact me if you require any further information.

Sincerely,

Ryan Bonnevie

Building Coordinator, Ministry of the Solicitor General
